- Improve Your EBC Bike with Our Newest Technology
- Choose EBC's Upgraded Technology Package for an Upgraded Ride

With spring right around the corner, it's time to pull out your [EBC bike](#) for the first time this year!

If you're ready to ride, don't miss out on our newest technology offered for our e-bikes. From high-quality brake lights to the release of our electric horn, you'll be riding in style with the next level of e-bike technology. Let's take a look at what this includes.

Upgraded Technology Features

On each EBC bike, you'll find an all-inclusive screen that shows each aspect of the bike. We're proud to announce technology updates, such as an [automatic light sensor](#) that turns on and off based on sunlight input. You have full control over keeping the features automatic or turning them to manual, as well as the settings of the features. Simply hold the up-arrow key to turn the front and rear lights to manual.

You can improve your e-bike even more with our parts & accessories such as [custom helmets](#), locks, and [baskets](#). EBC bikes are designed with ease and efficiency to make your riding experience the best it can be!

EBC's Upgraded Technology Package Includes:

- Brake Lights
- Turn Signals
- Anti-Theft Alarms
- Electric Horn
- Light Sensor
- Liability Waiver
- 58T Chain Ring Standard
- New 60T Chain Ring Now Available

Improve Your E-Bike Today!

Take control of your electric bike and personalize your technology to fit your style. Each technological addition is created to maximize what our bikes offer, creating an experience that's fun, simple, and safe. Buy an [EBC bike](#) today, and don't forget to choose the upgraded edition. We promise you'll love it!
